ART CREATES SPACES.

WHO WE ARE.

ART FOR ALL PROJECTS

We specialise in high-quality decorative photography and illustration curated to enhance interiors with depth, style, and a strong sense of place.

Our diverse collection features works by Australian and international artists, offering a rich palette of visual storytelling — from refined abstracts and landscapes to striking portraiture and minimalist compositions. Each piece is selected to support spatial cohesion and elevate the narrative of your design.

We collaborate closely with interior designers, architects, placemakers, and design studios to provide artwork that resonates with your project's vision — across residential, commercial, hospitality, healthcare, aged care, and public environments.

Based on Cadigal Land, in Surry Hills, Sydney with a deep respect for cultural expression, Snapper Agency acknowledges and honours Aboriginal and Torres Strait Islander peoples as the original artists, curators, and custodians of land, story, and image.

Let us help you create art that speaks with purpose, atmosphere, and authenticity.
